

All Minn Kota® products come with an adhesive label that lists the serial and model numbers. Please use this list as a guide for finding your serial number.

Edge MK 106/106D Near momentary switch on underneath side of pedal Bottom of the charger E Drive MK 110/110D At top of main extrusion, underneath steering arm Bottom of the charger Engine Mount MK 110/110D Underneath the bracket Bottom of the charger Endura / Endura Max MK 115PC On the top of the transom bracket Bottom of the charger Near momentary switch on undemeath side of pedal Bottom of the charger Maxum Transom Mount MK 220/20D On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 320/230PC Frortova MK 345/345D/345PC Inside the mount below the motor rests Bottom of the charger by the output cords Riptide SE MK 345/345D/345PC Under the iller handle MK 340/30D Under the iller handle MK 345/345D/345PC Front of the charger by the output cords Riptide SE Under the iller handle Front of the charger by the output cords Riptide SP MK 440/00 Undermeath the motor head Front of the charger	Trolling Motors	Battery Chargers
Near momentary switch on underneath side of pedal Bottom of the charger E-Drive MK 110/100 Stop of main extrusion, underneath steering arm Bottom of the charger Engine Mount MK 110/Portable Underneath the bracket Bottom of the charger Endura / Endura Max MK 110/Portable On the top of the transom bracket Bottom of the charger Fortrox Maxum Pro / Maxxum Bow Mount Near momentary switch on underneath side of pedal Bottom of the charger Maxum Transom Mount MK 210/20D On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 230/30PC Inside the mount below the motor rests Bottom of the charger by the output cords Traxis MK 330/330D Underneath the motor head Front of the charger by the output cords Riptide SE MK 460/460/460PC Inside the mount below the motor rests Front of the charger by the output cords Riptide ST MK 140/440D Inside the mount below the motor rests MK 160/600/460PC Inside the mount below the motor rests Bottom of the charger by the output cords <td>_</td> <td></td>	_	
E-Drive MK 110/110D At top of main extrusion, underneath steering arm Bottom of the charger Engine Mount MK 110 Portable Underneath the bracket Bottom of the charger Endura / Endura Max MK 115PC On the top of the transom bracket Bottom of the charger Maxum Pro / Maxxum Bow Mount MK 2000 Near momentary switch on underneath side of pedal Bottom of the charger Maxum Transom Mount MK 220/20D On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 315/315D Inside the mount below the motor rests Front of the charger by the output cords Traxxis MK 315/315D Underneath the motor head MK 3303O Riptide SE MK 440/40D Underneath the motor head Front of the charger by the output cords Riptide SF MK 460/460/460PC Inside the mount below the motor rests Front of the charger by the output cords Riptide SF MK 460/460/460PC Underneath the motor head Front of the charger by the output cords Riptide SF MK 420/20 Under the tiller handle Bottom of the charger by the output cords Riptide SF MK 420/20 Drate the dualer handle MK 420/40D <t< td=""><td></td><td></td></t<>		
At top of main extrusion, underneath steering am Bottom of the charger Engine Mount MK 110 Portable Underneath the bracket Bottom of the charger Endura / Endura Max MK 110 Portable On the top of the transom bracket Bottom of the charger Fortrex MK 210/210D Near momentary switch on underneath side of pedal Bottom of the charger Maxum Pro / Maxum Bow Mount MK 210 Portable Near momentary switch on underneath side of pedal Bottom of the charger Maxum Transom Mount MK 22020D On the top of the transom bracket Bottom of the charger PowerDrive V/ PowerDrive MK 330/320PC Inside the mount below the motor rests Bottom of the charger by the output cords Riptide SE MK 436/45D/A5PC Under the iller handle Port of the charger by the output cords Riptide SP MK 440/40D Undermeath the motor head Front of the charger by the output cords Riptide SP MK 40/40D India the mount below the motor rests Bottom of the charger Riptide SP MK 400/400 Under the aller handle Bottom of the charger Vantage Sottom of the charger Side of the main transom bracket Bottom of the charger Vantage MK	· · · · · · · · · · · · · · · · · · ·	
Engine Mount MK 110 Portable Underneath the bracket Bottom of the charger Endura / Endura Max MK 110 Portable Do the top of the transom bracket Bottom of the charger Fortrex Bottom of the charger Near momentary switch on underneath side of pedal MK 210/2100 Maxum Pro Maxum Bow Mount MK 220/2200 Maxum Transom Mount MK 220/2200 On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive Bottom of the charger by the output cords Inside the mount below the motor rests Bottom of the charger by the output cords Terrova MK 315/315D Underneath the motor head Front of the charger by the output cords Riptide SE MK 460/460D/460PC Inside the mount below the motor rests MK 460/460D/460PC Riptide SP MK 460/460D/460PC Inside the mount below the motor rests Front of the charger by the output cords Riptide SP MK 460/460D/460PC Inside the mount below the motor rests Bottom of the charger Riptide SP MK 310/2200 Side of the main transom bracket Wet of the charger Vector / Vector 3X Undermeath the contor brad Talon Side of the metal frame under the cover DeckHand 15 </td <td></td> <td></td>		
Undermeath the bracket Bottom of the charger Endura / Endura Max MK 115PC On the top of the transom bracket Bottom of the charger Fortrex MK 210/210D Near momentary switch on underneath side of pedal Bottom of the charger Maxum Pro / Maxum Bow Mount MK 210 Portable Maxum Transom Mount MK 210 Z0020D On the top of the transom bracket Bottom of the charger PowerDrive V / PowerDrive MK 330/330D Inside the mount below the motor rests MK 335/315D Traxis MK 345/345D/345PC Undermeath the motor head Front of the charger by the output cords Riptide ST MK 440/440D Under meath the motor head Front of the charger by the output cords Riptide ST MK 440/440D Inside the mount below the motor rests Front of the charger by the output cords Riptide ST MK 440/440D Inside the mount below the motor rests Front of the charger by the output cords Riptide Tamsom Mount MK 2 0C Under the tilter handle Bottom of the charger Vantage Stot on the charger	· · · ·	-
Endura / Endura Max MK 115PC On the top of the transom bracket Bottom of the charger Fortrex MK 115PC Near momentary switch on underneath side of pedal Bottom of the charger Maxum Pro Maxum Bow Mount MK 220/210D Maxum Transom Mount MK 220/220D On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 230/230PC Inside the mount below the motor rests Front of the charger by the output cords Terxva MK 315/315D Underneath the mount below the motor rests Bottom of the charger Riptide SE MK 430/43DV345PC Underneath the motor head Front of the charger by the output cords Riptide SF MK 440/40D Underneath the motor head Front of the charger by the output cords Riptide ST MK 40/40D/460PC Inside the mount below the motor rests Bottom of the charger Riptide ST Bottom of the charger Underneath the motor head MK 10C Bottom of the charger MK 40/40D Underneath the motor head Bottom of the charger		
On the top of the transom bracket Bettom of the charger Fortrax Max 210/2100 Near momentary switch on underneath side of pedal Bottom of the charger Maxxum Pro / Maxxum Bow Mount MK 210/2100 Near momentary switch on underneath side of pedal Bottom of the charger Maxum Transom Mount MK 210/2100 On the top of the transom bracket PowerDrive V2 / PowerDrive Fortrox 1 MK 320/320PC Inside the mount below the motor rests Bottom of the charger Traxis MK 335/315D Under the tiller handle Bottom of the charger by the output cords Riptide SE MK 440/440D Underneath the motor head Front of the charger by the output cords Riptide SP MK 440/440D Inside the mount below the motor rests Bottom of the charger by the output cords Riptide SP Inside the mount below the motor rests Bottom of the charger Riptide SP Inside the mount below the motor rests Bottom of the charger Riptide SP Inside the mount below the motor rests Bottom of the charger Riptide Transom Mount MK 3 30/30D MK 3 10C		
Fortrex MK 210/210D Near momentary switch on underneath side of pedal Bottom of the charger Maxum Pro / Maxum Bow Mount Bottom of the charger Near momentary switch on underneath side of pedal Bottom of the charger Maxum Transom Mount MK 210/201D On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 230/202D Inside the mount below the motor rests Front of the charger by the output cords Traxxis MK 330/330D Under the tiller handle Bottom of the charger Riptide SE MK 436/3450/345PC Underneath the motor head Front of the charger by the output cords Riptide SE MK 460/460D Underneath the motor head KY 440/40D Front of the charger by the output cords MK 460/460PC Inside the mount below the motor rests MK 450/460PC Riptide ST MK 45 DC Underneath the motor head MK 3 DC Side of the main transom bracket MK 3 DC Side of the main transom bracket MK 3 DC DeckHand 15 Corflot System (Leagacy) O		
Near momentary switch on underneath side of pedal Bottom of the charger Maxxum Pro / Maxxum Bow Mount MK 210 Portable Near momentary switch on underneath side of pedal MK 220/2200 On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 230/230PC Inside the mount below the motor rests Front of the charger by the output cords Traxis MK 33/5315D Under the tiller handle Bottom of the charger Riptide SE MK 34/5345D/345PC Underneath the motor head Front of the charger by the output cords Riptide SP MK 440/4400 Under the tiller handle Front of the charger by the output cords Riptide SP MK 440/4400 Inside the mount below the motor rests MK 440/4400 Riptide SP MK 440/4400 Indide the mount below the motor rests MK 10 C Riptide SP MK 40/460/6409/60PC Inside the mount below the motor rests Bottom of the charger Riptide SP MK 3 DC Side of the main transom bracket Vector / Vector 3X Under the iller handle Bottom of t	· · · · · · · · · · · · · · · · · · ·	
Maxum Pro / Maxum Brow Mount MK 210 Portable Near momentary switch on underneath side of pedal Bottom of the charger Maxum Transom Mount MK 2202200 On the top of the transom bracket Bottom of the charger PowerDrive MK 320/320PC Inside the mount below the motor rests Front of the charger by the output cords Traxis MK 330/330D Under the tiller handle Bottom of the charger Riptide SE MK 345/345D/345PC Undermeath the motor head Front of the charger by the output cords Riptide SE MK 340/440D Undermeath the motor head Front of the charger by the output cords Riptide SM MK 440/440D Under the tiller handle WK 460/460PC Riptide SF Front of the charger by the output cords Riptide ST MK 10 C Inside the mount below the motor rests MK 10 C Bottom of the charger MK 10 C Under the tiller handle MK 2 DC Side of the main transom bracket MK 2 DC Undermeath the motor head HK 10 C Bottom of the charger <		
Near momentary switch on underneath side of pedal Bottom of the charger Maxxum Transom Mount MX 2202200 On the top of the transom bracket Bottom of the charger PowerDrive V2 / PowerDrive MK 230/230PC Inside the mount below the motor rests Front of the charger Traxxis MK 315/315D Under the tiller handle Bottom of the charger Riptide SE MK 345/3450/245PC Underneath the motor head Front of the charger by the output cords Riptide SP MK 460/4600/460PC Inside the mount below the motor rests Front of the charger by the output cords Riptide SP MK 460/460PC Inside the mount below the motor rests Front of the charger Riptide SP MK 4 50/460PC Inside the mount below the motor rests MK 3 DC Bottom of the charger WK 2 DC Underneath the motor head MK 3 DC Side of the main transom bracket Wot of Vector 3X Underneath the motor head HILE Abue able - yee / momit (able by the serial number		
Maxxum Transom Mount MK 220/220D On the top of the transom bracket Bottom of the charger PowerDrive MK 230/230PC Inside the mount below the motor rests Front of the charger Terrova MK 315/315D Inside the mount below the motor rests Bottom of the charger Traxis MK 340/330D Under the tiller handle Bottom of the charger to the output cords Riptide SE MK 440/440D Underneath the motor head Front of the charger by the output cords Riptide SF Inside the mount below the motor rests Riptide ST Inside the mount below the motor rests Riptide ST MK 4 2 DC Inside the mount below the motor rests MK 1 DC Bottom of the charger MK 3 DC Side of the main transom bracket Bottom of the charger Vector / Vector 3X Underneath the motor head Talon Front He wile sear 4 dipt label by the serial number Talon Front of the charger Opposite side of Talon cover Front of the charger DeckHand 15 Corded Foot Pedal On the side of
